

org.mnu.controller.Image
Controller.updateForm

org.mnu.controller.Image
Controller.view

org.mnu.service.ImageService.view

```
graph LR; A[org.mnu.controller.ImageController.updateForm] --> C[org.mnu.service.ImageService.view]; B[org.mnu.controller.ImageController.view] --> C;
```

The diagram illustrates a dependency or call relationship. Two boxes on the left represent methods from the `org.mnu.controller.ImageController` class: `updateForm` and `view`. Two blue arrows originate from these boxes and point to a single box on the right, which represents the `view` method of the `org.mnu.service.ImageService` class. The target box is shaded gray, while the source boxes are white with black borders.
